FIGHT FOR HEALTH WILL BE WAGED BY PARIS LEAGUE

New Organization to Enter
War On the Dreaded
White Plague

MANY MEMBERS
ARE ENROLLED

Fiscal Court Makes Ap-
propriation to Sustain a Vis-
iting Nurse

The third meeting of the Public Health and Welfare League, held at the Public Library building yesterday afternoon was largely attended and much enthusiasm manifested by the members of the organization, which was perfected three weeks ago with a view of providing a visiting nurse for Bourbon county and combat the dreaded white plague.

In addition to the large number enrolled as members at the meeting held last week one hundred and twenty eight were admitted to the membership yesterday afternoon and it is the opinion of those foremost in the movement there will be an increase in the membership with each succeeding meeting.

Much encouraged by the success attained so far the work of looking after the health of the community will be entirely upon a systematic manner and through the medium of a visiting nurse which is to be provided by the league as soon as all arrangements are made for the payment of the salary and meet the other expenses of the undertaking.

As an evidence of the interest that is being taken in the movement, the Fiscal Court at its regular meeting yesterday afternoon made a handsome appropriation to assist in meeting the expenses, and the City Council will be asked to contribute a liberal sum to the furtherance of the cause.

Miss Hunt, who has been here for several weeks looking into the conditions, and who was sent to Paris by the State Tuberculosis Association was before the Fiscal Court yesterday and in her address before that body presented it with many interesting facts regarding the health of the county and city and pointed to the urgent need of a visiting nurse keep in touch with the conditions, to attend the needy in their illness and to work in connection with the Welfare League in its war on tuberculosis.

The court was very generous in its appropriation, an order being entered for the payment of the sum of \$450 annually, in monthly installments, to aid in the work. At the last meeting of the City Council, which will be held next Thursday night, Miss Hunt will endeavor to have that body vote an appropriation of a sum equal to this amount and the remainder of the expense which is likely to be incurred will be met by popular subscriptions.

Never in the history of the city has there been a more interested and enthusiastic organization as that which will take up the fight on disease in Paris and Bourbon County.

DEMANDS REPEAL OF THE TOLL EXEMPTIONS

Does President Wilson in His
Brief Message to
Congress

WASHINGTON, March 5.—President Wilson personally appealed to Congress, assembled in joint session today to sustain the national honor of the United States in upholding treaty obligations by repealing the Panama tolls exemption against which Great Britain protests. He asked Congress to do that "in support of the foreign policy of the administration," and added that an exemption for American ships not only was "a mistaken economic policy" but was in contravention of the Hay-Bunauville treaty.

"I shall not know how to deal with other matters or even greater delicacy and nearer consequences if you do not grant it to me in ungrudging measure," said the President.

"The large thing to do is the only thing we can afford to do; a voluntary withdrawal from a position everywhere questioned and misunderstood. We ought to reverse our action without raising a question whether we were right or wrong, and so once more deserve our reputation for generosity and the redemption of every obligation without quibble or hesitation."

President Wilson's address, the shortest he has yet delivered to Congress—exactly 420 words.

CARRANZA ORDERS INVESTIGATION IN CASE OF BENTON

Commission Ordered to Proceed With Probe Into
Benton's Death

WILL LEARN OF
GUSTAV BAUCH

Mexican Situation Likely to
Provoke Debate in Senate
This Week.

EL PASO, TEXAS, March 5.—Investigation into the execution by Gen. Villa of Wm. S. Benton, the British subject, and into the disappearance of Gustav Bauch, the German-American was begun at Juarez today by the Mexican commission appointed by Gen. Carranza.

The commission will endeavor to ascertain whether the arrest and conviction of Benton was according to due form of law and justice. It is not expected that an examination will be made of Brion's body.

An attempt will be made by the Mexican commissioners to learn whether Bauch was executed or whether he is still alive. If alive an attempt will be made to learn his whereabouts.

The Anglo-American commission was still awaiting instructions from Washington.

May Lose Life.

EL PASO, TEXAS, March 5.—Luis Terrezas, Jr., who for many months has been held prisoner at Chihuahua by rebels pending negotiations for ransom, has until tomorrow to pay \$500,000 to Gen. Villa under pain of death. This information reached here today. Terrezas has many Kentucky relatives.

Situation at Washington.

WASHINGTON, March 5.—Although Great Britain's reluctance to press the Benton case at this time has made the American situation less acute, there are several aspects of it which it now is practically certain will occasion spirited debate in the Senate in a few days.

It has become known that facts and data concerning the numbers of foreigners killed in Mexico since armed revolution began there are being gathered by the State Department for Senator Shively, ranking member of the Foreign Relations Committee, who is expected to present official records about conditions in the Southern Republic.

It was reported that Senator Fall, of New Mexico, would open the debate with a speech pointing to conditions in Mexico past and present, and urging a change of policy.

The New Mexico Senator presented to the Foreign Relations Committee Pedro Del Vilar and Cecilio Ocon, representing the political interests of Felix Diaz.

Members of the committee were frankly amazed when the Mexicans sought moral support by the United States of a movement to bring about peace in Mexico by another revolution headed by Diaz.

The committee had no idea, it is said, of the purpose of their visit other than they wished to present information about the situation in Mexico. Members of the committee flatly stated that the United States could not recognize any such movement.

Vilar and Ocon severely arraigned Huerta as corrupt and Carranza and Villa as bandits, and argued that Felix Diaz had a host of loyal Mexican citizens behind him who would rush to his support to establish a real government in Mexico.

They want to get a promise, if possible, from the American Government that it would uphold Diaz and recognize him if the counter-revolution succeeded. Several members of the committee characterized the proposition as preposterous.

The committee is taking a most active interest in the Mexican imbroglio and intends to get all the information possible so that it may be prepared for any situation that may arise, especially if the Administration should determine upon any change of policy.

FLINCHER RETURNS

Former Parisian Gives Account of Experience on the Mexican Border.

Charles Flinchem, a discharged soldier, formerly a switchman in the Louisville & Nashville railroad yards in this city, passed through Paris Wednesday, en route to Hamilton, O., where he will spend several weeks. Flinchem enlisted in the regular army three years ago, and since the establishment of the border patrol between Mexico and the United States has been stationed within a short distance of El Paso, where he has been doing duty.

Flinchem gave many interesting accounts of the incidents that occurred during his prolonged stay on the border, and expressed the opinion that intervention on the part of the United

FRANKFORT, KY., March 5.—Five new measures were introduced and three resolutions were offered when the House convened this morning, after which the House went into committee of the whole to continue consideration of the tax measure.

The section of the tax bill abolishing the office of county assessor and creating a county tax commissioner was amended by Myers to provide a fine and imprisonment and forfeiture of office for the county commissioner willfully or knowingly making improper assessment returns.

Frazier's amendment providing for the tax commissioner to have been a resident of the county three years prior to his election, also was adopted.

The Committee on Propositions and Grievances reported favorably an amendment for minors visiting saloons.

The Committee on Appropriations reported without expression of opinion the good roads bill, passed by the House. It went into the calendar.

The bill granting appeals in all criminal cases in county magistrates, police courts, except in cities of the first class, were reported favorably.

The House resolution approving of the Federal movement to take over the Lincoln farm was reported favorably.

The bill providing for two more mine inspectors got a favorable report.

The Committee on Banks and Banking reported without expression of opinion the bill providing for the rural building system. It was placed on the calendar.

The House bill, prohibiting free power as required by the constitution was reported favorably by the Committee on Common Carriers.

July 1, 1914, is fixed as the date for putting this bill into force.

The Committee on Common Carriers reported unfavorably the full crew bill. Senators Zimmerman and Williams made eloquent speeches for the bill on the motion to put the bill in the calendar. The motion carried.

The Kentucky State Senate Wednesday passed the Glenn bill raising the salary of the Confederate Pension Commissioner and giving him clerical help. In the House the Tax Reform bill was debated all day. Nearly every member presented an amendment to the substitute for the Special Commission bill. An appropriation of \$50,000 for the Panama-Pacific Exposition passed the Senate.

Y. M. C. A. FUNDS
COMING IN RAPIDLY.

Many interested people in Bourbon county will be glad to know that the second installment on the Y. M. C. A. fund is coming in now. Already about one-third of the amount to be collected this time has been received. Revised plans are on the way from the office of the architects and should be here to-day. If these are found to be satisfactory, the next step will be to advertise for bids and let the contract so as to begin work at an early date.

States in Mexico will be the only means of restoring peace to the republic.

According to Flinchem, soldiers of the United States army are not allowed to cross the river from El Paso into Juarez, but they frequently do so in citizens' clothes and much information has been gained in this way regarding the movements of the Mexican rebels who occupy the city. On several occasions, he said, he had seen the Mexican leader, General Villa.

"General Villa," he said, "is not a man who would impress one as the leader of an army. During his stay in Juarez he wore no uniform other than a light khaki suit with a broad brimmed hat. He was always heavily armed, carrying a rifle with belts of cartridges slung over each shoulder and heavy revolvers. He bears a strong resemblance to the American negro rather than to the Mexican, and it is the general opinion that he is of that blood. Among the rebels his word is law, and they fear his wrath."

Regarding the execution of Benton, the English subject, and of Americans at the hands of the rebel leader, Flinchem declared that there was a general belief that the Englishman was never given a trial, but was shot to death by General Villa or one of his guards at the headquarters in Juarez.

No man is Stronger Than his Stomach

The Medical Adviser by R. V. Pierce, M. D., Buffalo, N. Y., answers hosts of delicate questions about which every man or woman, single or married ought to know. Sent free on receipt of 31 one-cent stamps to pay for wrapping and mailing.

LET the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

Dr. Pierce's Golden Medical Discovery

helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being ill-nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.

Sold by all medicine dealers in liquid or tablet form, or send 50 one-cent stamps to Dr. Pierce, Invalids' Hotel, Buffalo, and a trial box will be mailed you.

WHY IT SUCCEEDS.

Because it's for One Thing Only, and Paris People Appreciate This.

Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills are for one thing only.

For weak or disordered kidneys. Here is reliable evidence of their worth:

A. G. McCauley, 136 S. Maple street, Winchester, Ky., says: "There were pains through my kidneys and the secretions were scanty and painful in passage. On a friend's recommendation I got a box of Doan's Kidney Pills and the results of their use convinced me of their merit. I now gladly confirm what I said about them."

HEADACHY, COSTIVE, BILIOUS—"CASCARETS"

Liver and Bowels are Clogged—Clean Them Tonight! Feel Bulky!

Get a ten-cent box! Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to a torpid liver; delayed, fermenting food in the bowels or gassy, sour stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a ten-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months. (adv)

STEALING BIG FORTUNES.

It Appears to Be Easier to Get Away With \$10,000 Than With Ten Cents.

It often seems easier to steal \$10,000 than to steal 10 cents. The youth who a few days ago spent \$4 car fare and ran over from New York with a bunch of stock and borrowed \$200,000 in Philadelphia is by no means an isolated individual.

A Philadelphia broker not so long ago got a good more than that and didn't waste anything for car fare. His method was simplicity cubed. He would buy one share of stock for say \$100, then raise the numeral to make it 100 shares and so worth \$10,000.

The operation was repeated, only in larger figures, and these fraudulent certificates were taken to the banks, where a very great sum was borrowed. His transactions went on for some years before detection and then suicide ended the case.

Earlier still, a Philadelphia street railway official, who seemed to need some cash, filled out a bunch of new stock certificates in his own name and so got the money rather easily.

The case of a safe deposit superintendent in Philadelphia a couple of years ago was even more extraordinary than these others.

He took \$1,500,000 in sureties, with about \$30,000 cash from the vaults of the trust company that employed him.

The securities were carried in two old suit cases and were checked in a German city in an ordinary storage house. They remained there for months untouched.

This man crossed the ocean six times during the subsequent negotiations with detectives for the return of the stocks and bonds. He went across the American continent to San Francisco twice.

His motive in traveling was to insert advertisements in about fifty different newspapers, as this was his method of carrying on his communications with the authorities. He went from place to place so that it was difficult to locate in which one of the fifty cities he might be.

All of the securities were returned, but not the \$30,000 cash.

Quite a number of banks and some brokers in Philadelphia have what may be called a blanket insurance. This is a different thing from the ordinary bonding of individuals, which is done by the surety companies.

A broker takes out say a \$10,000 policy to cover any loss whatsoever which may occur through the error or connivance of an employee, or which comes from any outsider.

It is the same thing as if a farmer were to insure against any possible loss to his crops through drought, excessive rain, heat, cold, hail or snow. You may insure yourself against having a cold when the assembly hall occurs, or against a case of measles during the next world's series.

This greatest of betting concerns in the world, which is known as Lloyd's, simply lays a wager at odds, which it has carefully figured out, that this or that thing won't happen.

Judging by the prosperity of this unique institution, it is also a safe wager that it has the odds ciphered somewhat to its own advantage.—Philadelphia Ledger.

Young husband Missing.

Danville—Much apprehension is felt for the safety of Earl Jenkins, 20 years old, who has been absent from his home in this city a week. His young wife has been making a search for him, assisted by the police, but no trace of him can be found. The young couple came here from Washington county five weeks ago.

Easter Millinery Stolen.

Danville—A large box of millinery was stolen from the express transfer office at the Danville depot. The police department was promptly notified and a search was instituted by Detectives Moore and Dunn. Eighty ready-to-wear hats, said to be valued at more than \$1,000, were recovered by the officers after a search. The hats were returned to the express company, but the box was not to be found. The hats were shipped from a St. Louis wholesale millinery company to an establishment at Hustonville, Ky. Joseph Adams was arrested and placed in jail in connection with the theft. He was turned over to United States Marshal Garrard Ford, of Middlesboro, and taken to Frankfort on a charge of having stolen an interstate shipment.

TWO THOUSAND KENTUCKY BOYS IN CORN CLUBS

Report of Field Agent Shows How Work Is Progressing In This State.

GOOD RESULTS IN DROUGHT SEASON

Comprehensive Drainage System Will Be Devised By Engineer.

FRANKFORT, Ky., March 1.—How far the farm demonstration work conducted by the Federal Bureau of Plant Industry, through co-operation with the State Department of Agriculture and the university and normal schools, reaches into and grips the rural community life, may be seen from facts laid before the bureau in the annual report of Jesse M. Jones, field agent in charge of Kentucky, West Virginia, Maryland and Virginia who took charge of the work last July.

The organization of fifty farmers' clubs, for co-operative buying and selling and the study of agriculture, the enrollment of 2,000 boys into corn clubs, and the success of 93 of them in a drought season in raising an average of 63 bushels to the acre; the organization of night schools, where the rudiments of a common education, besides the elements of agriculture, are taught to men from 18 to 54 years of age; the invitations accepted by the agents to fill the pulpits in country and village churches and talk on agriculture to the congregations; the saving of thousands of dollars through co-operative buying of limestone and hog cholera serum; the purchasing of improved farm machinery; the acquisition by farmers of counties, where agents are stationed, of thoroughbred stock; the care of old fruit trees; the drainage of land; the re-establishment of pastures and deeper plowing, are among the instrumentalities that Mr. Jones says are bringing back the productivity of Kentucky land and awakening the farmers to a sense of the mutuality of their interests.

Federal Help in Drainage. The bureau took over the farm demonstration management July 1 of last year, prior to which time eight men had been making farm demonstrations. Since then five men have been added at one time and six at another, all the agents receiving half their salaries from local sources, by subscriptions or appropriations by Fiscal Courts. To assist in the improvement of farm property, Mr. Jones says, a drainage engineer will be appointed. Last year one agent mapped a drainage system of 1,000 acres and supervised the tilling of it. Another agent tilled 13 farms. A comprehensive system of drainage districts will be devised by the drainage engineer. The State Department of Agriculture, the State University and the Normal schools are co-operating in the work and to show some of the results obtained the first year Mr. Jones reports:

"Work was conducted on 584 different places along various lines. There were 190 demonstrations of corn on 1,295 acres, making an estimated average yield of 10 to 25 bushels more than fields cultivated in the ordinary way.

"In one county there were forty-six demonstrations of potatoes. In the other counties much work was done with truck crops. Eighty-two fields of alfalfa were started, averaging two to five acres. More than fifty fields of cowpeas were sown. In some counties the increase was as high as 200 per cent. Several demonstrations with tobacco were conducted.

"Of cover crops seventy-nine crimson clover fields were established, their size estimated to be ten acres or over. Seven fields of vetch were likewise sown. More than one hundred crops of rye, wheat and oats were started under the personal direction of the county agents and this does not include the many thousands of acres that were sown indirectly because of their newspaper articles and addresses on the subject.

"One hundred and forty-five rotation crops were established on as many farms, and several entire farms were turned over to the county agents to be supervised by them. Forty-one orchards were pruned, sprayed or planted and many others inspected. Three of the agents pruned, sprayed or planted 7,000 trees.

"More than 14,247 hogs were inoculated for hog cholera, with almost complete success. In one county an epidemic of catarrhal fever among horses and mules was stopped by the use of anti-toxin. This anti-toxin was bought co-operatively at a direct saving to the farmers of \$2,000. In another county an epidemic among poultry was stopped at once.

"Eighteen pure-bred sires were brought into the counties worked by our agents.

Farm Water Systems. "The installation of water systems in farmhouses, the erection of 173 silos and the purchase of hundreds of improved cultivators and other farm machinery in counties where the agents operated is mentioned.

"Fifteen pastures were established," says the report, "for the grazing of cattle and hogs. Besides these pastures, many farmers were induced to pasture cowpeas, soy beans, alfalfa and clover fields with hogs.

Fully half the demonstrators already selected have broken their demonstration fields. This plowing

THEATRICAL.

Pavlova at The Ben Ali Theatre.

Our old friend, the tango, will be covered with rust, and the turkey trot will be cobwebby and old! Dire prophecy, and perhaps it might be modulated, but none other than the queen of the dance herself, Pavlova, is to show the very latest things in modern society dancing. When the inimitable Mlle. Anna brings her big company to the Ben Ali, Lexington's theatre beautiful, for two performances, Saturday, March 14, the "Gavotte Pavlova" will be a feature of the program. This is the dance that Pavlova introduced on the stage at the Metropolitan Opera House, under the name of the "Gavotte Directoire," and which New York society immediately adopted and labeled "Pavlova."

The Gavotte will be only one of the many brilliant features of the Pavlova performance here. Those ballets and divertissements which have won the highest praise from the critics and public of New York and Boston will be seen here. The major number will be the dance-drama, "The Magic Flute," which is not related to Mozart's opera of the same name, and

is done to Drigo's music. With Pavlova depicting the heroine herself and Novikoff taking the part of her chosen swain, "The Magic Flute" is a rustic comedy, picturesque and mirthful.

Besides "The Magic Flute" there will be another but shorter ballet on the program, done to the music of Weber's "Invitation to the Dance." This, too, is a tale of youthful love. These two ballets of ocular opera, as they are called, will be followed by a number of divertissements which have also caused the Metropolitan critics to proclaim that the Pavlova company has eclipsed its former glory.

In addition to the Gavotte, danced with M. Berge, Pavlova will do with Novikoff the never-to-be-forgotten "Bacchanale Novikoff" has a solo, a "Pirate Dance," a barbaric bit of lighthearted dancing. The leading supporting dancers will do the "Hungarian Rhapsody," and also a "Dance of Springtime." There will also be a Grecian Idyll, called "Moment Musical," and a dainty fragment, "The Rose and the Butterfly." The Dances with Pavlova are attracting almost as much attention for their beauty of face and figure as for their surpassing grace.

Mail reservations for seats are now being taken. Please accompany same with money order and stamped envelope. Prices \$1.00 and \$3.00 for both performances.

R. S. Porter represents the Ben Ali in this city, and will receive orders for seats to either performance. (6-3t)

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once.

Immediate!—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this! Moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, dry, faded, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes, but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it. (adv)

has been deeper than formerly. Practically all the demonstrators have been selected by the hill system. "Besides urging home mixing of fertilizers, in four counties co-operative buying was effected, saving 12½ to 26½ per cent, of \$2 to \$5.50 a ton. Forty-four cars of limestone were purchased directly through the influence of county agents. In one county a reduction of 20 cents a ton in freight was obtained, also 25¢ a ton in the case of coal. In several counties a reduction of 50 cents to \$1.10 a ton was made in purchasing limestone. Five limestone crushers were purchased."

THE FORTY YEAR TEST

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers. (March) (adv)

HAD CATARRH FIVE YEARS.

Mr. Johnson of St. Elmo, Illinois, was troubled five years with catarrh. The catarrh was so severe in his case that his life seemed threatened. As he expresses it himself, he had "one foot in the grave."

Of course he tried to get relief. Many practitioners were consulted and a catarrh specialist in St. Louis was tried. He got so weak and thoroughly run down that he declares he could not walk more than a hundred yards without resting.

Few people understand that catarrh is a constant drain on the system. The discharge of mucus which is going on in such cases is largely composed of blood serum, and is a great waste. Sooner or later it will weaken the strongest man.

According to reports received from Mr. Johnson, he was in a desperate condition, but he found relief from his trouble. We will let him say how he found it. His own words say:

"My friends told me to take Peruna, and I did so. I now feel that Peruna has saved my life. It is the best medicine on earth, and I would not be without it."

This seems almost too good to be true. No doubt there are some readers that will think so. The above statements, however, can be verified by writing Mr. Johnson.

STATE HEALTH BOARD ISSUES ANOTHER SMALL-POX WARNING

By order of the State Board of Health another warning against small pox has been issued by the President and Secretary of the organization. It is as follows:

"To the Health Officials and People of Kentucky:

"A few cases of small pox exist in most of the counties of Kentucky. This loathsome disease can only occur in people who have not been vaccinated. Quarantine against individual cases of small pox is expensive and useless, as it only gives a false sense of security. No one who has been properly vaccinated at least three places on the arm has ever had small pox in Kentucky. There has never been an arm or a life lost from vaccination in Kentucky. Properly done by a competent physician it is devoid of danger, is inexpensive and is the only preventive against small pox. More money has been spent, most of it uselessly, in combating small pox in the last few years in Kentucky than has been expended in thirty years in protecting our people from typhoid fever, consumption and other common diseases of everyday life, and yet more deaths have occurred from either typhoid or consumption in the past year than small pox, yellow fever and cholera combined have caused in a century.

"The Board is frequently asked why the law requires vaccination at three points on an inch apart on the arm. Because experience teaches in Germany that no one having three or more good scars has had small pox. Vaccination does its work of protection through the glands under the arm. Charging these glands from three points instead of one makes them manufacture more of the protective element.

"As soon as a case of small pox occurs every individual exposed should be promptly vaccinated or revaccinated, and there should be no second case of the disease. It is unnecessary to quarantine the well, provided they have been successfully vaccinated.

"It is a misdemeanor punishable by a fine of from \$100 to \$1,000 for any one having an eruption even resembling small pox to go on any public street or road or any place where well people are. If the court officials will enforce this law and the one requiring vaccination, they will actually put into practice some real economy instead of the variety it is popular to talk about at election time. To prevent not only small pox, but the commoner and more dangerous diseases that cause most of our sickness and death in Kentucky, we need simply real education, actual law enforcement, and a health officer in each jurisdiction who can devote his entire time to, and earn a living by preventing sickness and death instead of treating people

for unnecessary sickness.

"It is a violation of the law to be unvaccinated, and it is also unlawful for any person, firm or company to employ any unvaccinated person in any work for salary or wages of any kind. Intelligent people will be vaccinated without compulsion because it is reasonable, necessary and lawful; and health and other officials are urged to see that those who are not intelligent be compelled to be vaccinated so that the unnecessary drain on the city and county treasuries and the purses of the people themselves from this entirely unnecessary pestilence be stopped. Small pox, like murder, will only be prevented when the law is enforced. In Germany they have no small pox because they enforce compulsory education and compulsory vaccination.

"This Board urges all the people of Kentucky who read this to be vaccinated themselves at once, or be vaccinated if they have not been vaccinated within seven years, and to see that their families, neighbors and dependents are vaccinated immediately."

GUBERNATORIAL TALK IS THE NOISE AT THE CAPITAL

Confident Beckham Forces
Casting About for a Suitable Candidate.

CANTRILL MAY ENTER CONTEST

Number of Prospects for Congressional Honors Are
Mentioned

Since the General Assembly has been in session at Frankfort some very lively political talk has been going on, and just now the Senatorial race of the year and the gubernatorial contest of next year have the center of the stage and the spotlight is playing upon little elsewhere.

There was some gossip last week in connection with the gubernatorial race which is engaging the attention of a few of the Seventh district politicians. The Beckham forces, it is said are feeling very comfortable over the outlook for the success of their candidate, and are beginning to cast about for a candidate for Governor.

Among those mentioned in the list of gubernatorial possibilities is Hon. Campbell Cantrill, Congressman from the Seventh Kentucky district. Mr. Cantrill, it is said, when he was last nominated for Congress, strongly intimated, if he did not positively promise as some assert that he would not again be a candidate for Congress and that he would not object to some day running for Governor of Kentucky. As a matter of fact, during his political career Mr. Cantrill has accumulated a lot of political enemies in this district, and should he secure the gubernatorial nomination it would be only after a bitter contest.

The Cantrill talk is by no means to be taken as evidence that there are not other candidates or possibilities.

Here are a few gentlemen who are either nominally in the race for Governor or who have friends who may endeavor to induce them to get into the race: J. H. Hazelrigg, of Frankfort, ex-Judge of the Court of Appeals bench; J. W. Newman, of Versailles, Commissioner of Agriculture; James Garnett, Attorney-General; Lieutenant-Governor E. J. McDermott, of Louisville; Henry Bosworth, of Fayette, Auditor; J. N. Camden, of Woodford county, and J. C. Mayo, of Paints-ville.

Commissioner Newman may be regarded as an out-and-out candidate. Judge Hazelrigg has taken very little interest in politics of late and for that reason is regarded as a safe quantity in times like these.

There are some strong undercurrents favorable to both Messrs. Camden and Mayo. Neither can be regarded as in any sense a candidate for office, but many of their acts and utterances, especially in the case of Mr. Camden, have given them pleasant publicity, and attracted favorable attention to them as men of means who could be of service to the State and to their party.

The Seventh district Congressional situation is of more local interest than is gossip with reference to the race for Governor.

Of course even should Mr. Cantrill decide to go after the Governorship it would not necessarily mean that he would not be a candidate for the nomination for Congress. He could be re-elected to Congress this fall and also run for Governor next year, but as he has stated, it is believed by many that if he intends to run for Governor he will sidestep the Congressional fight for various reasons.

With Mr. Cantrill out of the race for Congress a number of names at once suggest themselves. Prominently at the head of the list is ex-Representative Preston Kimball, of Lexington. His friends would almost certainly bring him out and urge his nomination. He has been spoken of as a probable candidate for Circuit Judge, but in all probability he would look upon the other prize with more favor.

Other timber is made up of Circuit Judge R. E. Stout, of Franklin county; Claude Thomas, banker and farmer, of Bourbon county; Judge Gayle, of Owen, who filled out the unexpired term of Representative Evan Settle; John T. Hinton, Mayor of Paris; Harry Shoberth, of Woodford, who has before sought the nomination; W. O. Davis, of Versailles; "Boh" Franklin, now a member of the Fayette bar; Judge J. M. Benton, of Clark, who will probably stick to the bench, and John M. Stephenson, also of Clark, and Elwood Hamilton, member of the Legislature from Franklin county.

With Davis, of Versailles, is quite well thought of as a possible Congressional candidate but he has given no evidence of ambitions in that direction.

L. & N. TO REDUCE PASSENGER FARES ON ALL ITS LINES

Order to Go Into Effect As
Soon as Tariffs Can Be
Revised

2 1-2 CENTS PER MILE ON PAYING LINES

Action of the Railroad Company in Reducing Rates
is Voluntary

The Louisville & Nashville Railroad Company announces its intention to reduce, in the immediate future, the passenger fares on its lines in the State of Kentucky to a maximum of 2½ cents per mile.

This action on the part of Kentucky's principal rail carrier is voluntary, and is taken in order to equalize the rates in its home State with the rates effective or to be made effective on or before the date mentioned in the States of Tennessee and Alabama.

This Company adheres to its belief that a three-cent fare is not wholly remunerative and is not unfair to the public. Nevertheless, in deference to public opinion, particularly in other States, the management has decided to apply the lower rate in the hope that increased volume of traffic will save material losses, and pursuant to promises heretofore given to the people of Kentucky it proposes to place Kentucky on the same basis as other States. Should the reduction prove disastrous, the Company will appeal to the Railroad Commission for such readjustments as will be fair under all conditions.

The reduction to be made will apply to all of the lines operated by the Louisville & Nashville Railroad Company for its own account in the State of Kentucky, with the exception of a few branches and new lines on which the passenger business is not now remunerative or is conducted at a loss.

The reduction will be made effective on lines which are now producing over nine-tenths of the Company's total passenger earnings in the State of Kentucky; thus will affect nine-tenths of the Company's passenger business.

The reduction proposed in Kentucky will not only apply on intrastate travel between points within the State, but will also apply on interstate traffic over the same lines to and from points within the State and through the State; also, as similar reductions have been or are to be made on the principal lines of travel in the States of Tennessee and Alabama, the effect on interstate travel on the lines of the Louisville & Nashville Railroad Company will be to substantially establish a maximum rate of 2½ cents per mile from the Ohio River to the Gulf of Mexico.

Some idea of the reductions to be made by the Company in its passenger fares may be had when it is understood that the reduction in Kentucky, Tennessee and Alabama will represent an annual reduction in passenger revenues of about \$900,000. In Kentucky alone, the annual reduction in revenues will amount to about \$130,000 on interstate traffic, and about \$250,000 on intrastate traffic, or to a total amount of about \$380,000.

The following list of the existing fares and the proposed new fares is illustrative of the reductions which will be made:

From Louisville to Bowling Green, present fare, \$3.41; new fare, \$2.84.
From Lebanon to Louisville, present fare, \$2.02; new fare, \$1.68.
From Corbin to Williamsburg, present fare, \$3 cents; new fare, 44 cents.
From Middlesboro to Covington, present fare, \$6.74; new fare, \$5.74.
From Louisville to Guthrie, present fare, \$4.62; new fare, \$4.10.
From Owensboro to Russellville, present fare, \$2.15; new fare, \$1.80.
From Henderson to Hopkinsville, present fare, \$2.22; new fare, \$1.85.
From Louisville to Worthville, present fare, \$1.62; new fare, \$1.45.
From Frankfort to Lexington, present fare, 86 cents; new fare, 72 cents.
From Anchorage to Shelbyville, present fare, 57 cents; new fare, 48 cents.

From Paris to Richmond, present fare, \$1.16; new fare, 96 cents.
From Louisville to Nashville, Tenn., present fare, \$5.50; new fare, \$4.67.
From Louisville to Memphis, Tenn., present fare, \$11.40; new fare, \$9.51.

The proposed reductions will be made effective as soon as the tariffs can be compiled and issued giving the notice as required by law. It is now estimated that the new intrastate tariffs will be made effective about April 1 or shortly thereafter (certainly not later than May 1, 1914), and that the interstate tariffs will be published immediately thereafter to be effective not later than July 1, 1914. The great majority of interstate fares are joint with other railroads and such cannot be compiled until the various State tariffs in the several States are compiled; the interstate tariffs require the co-operation of all connections, and as the fares in these are far more numerous, involving many thousands of figures which have to be calculated, there is naturally some delay. The legal notice required in connection with interstate fares is 30 days.

CADILLAC MOTOR CO. WILL NOT MARKET A SIX

Henry M. Leland, President of the Cadillac Motor Car Company, and recently elected to the presidency of the Society of Automobile Engineers, corrects an erroneous impression which seems to prevail in some quarters with regard to the future plans and policies of his company.

"We could scarcely expect to control," says Mr. Leland, "the very considerable volume of mouth to mouth advertising which the Cadillac receives. It would keep us busy if we were to attempt to deny or confirm the many and varied reports that are constantly being circulated concerning the Cadillac. But when a misunderstanding or misconception of the methods, plans or policies of the Cadillac Company is liable to creep into this sort of gratuitous publicity, we consider it a duty we owe the public as well as ourselves to correct whatever inaccuracies may unwittingly be reported."

"We have experimented, it is true, with engines of six cylinders; in fact, we have built a number of such cars in the past four years. We have tested them to the utmost, and we have compared them, point by point, with some of the most highly regarded 'sixes' which we had bought for just this purpose. It may be interesting to note in this connection, that we did not find a single 'six' which, in our opinion, outperformed our own in these exhaustive tests. Most of them, in fact, were outperformed by our own. These experiments may have been the basis of rumors that we were to market a six-cylinder Cadillac—but this company has no such intention."

LESS DYSPEPSIA NOW— HERE'S THE REASON

The fact that there is less dyspepsia and indigestion in this community than there used to be is largely, we believe, due to the extensive use of Rexall Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we have faith in them. No wonder we are willing to offer them to you for trial entirely at our risk.

Among other things they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe the inflamed stomach, allay pain, check heartburn and distress, help to digest the food, and tend to quickly restore the stomach to its natural, comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We ask you no questions. Your word is good enough for us. If Rexall Dyspepsia Tablets don't restore your stomach to health and make digestion easy and comfortable, we want you to come back for your money. They are sold only at the 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c., 50c. and \$1.00—G. S. Varden & Son. (adv)

THE MARKETS.

Chicago Grain.

CHICAGO, March 5.—After an easy start to-day wheat rallied but the hardening of prices was due more to absence of offerings than to any special demand. Notice of export sales at Omaha tended slightly to help the bulls. There were also advices that the crop outlook in Russia had become less favorable. The opening was unchanged to one-eighth at one-quarter cent lower. Prospects of country roads soon breaking up gave firmness to corn. In oats buying on part of cash houses strengthened the market. Wheat closed weak at three-eighths to one-half to one-half net decline. Closed weak one-quarter at three-eighths to three-quarters under last night. Oats closed for May at 40 1-2c.

USE OF OPERA HOUSE DONATED TO SCHOOL

Mr. J. B. Elliott, president of the Colonial Amusement Co., which controls the Alamo Theatre here, and a number of theatres in Lexington, and the new lessee of the Paris Grand Opera House, has donated the use of the Grand for two nights to Prof. Hendricks, of the Paris City Schools, for the coming production of "Slumberland," which will be presented there Thursday and Friday nights, March 12 and 13.

This is certainly an act of great kindness to the school, and is probably the first time in the history of the management of the Grand that such a thing has happened. Mr. Elliott, being a perfect stranger to Paris, has shown a disposition to help the good cause along, and has, by so doing, installed himself in the good wishes of every resident and school child in the city. Those who know Mr. Elliott personally say he is a thorough gentleman and an excellent manager.

SOCIAL AND PERSONAL.

—Mrs. Ernest Hosler, of Lexington, is the guest of her sister, Mrs. Lee Starke.

—Mrs. Elizabeth Simpson continues quite ill at her home on South Main street.

—Mrs. W. O. Hinton is suffering from an attack of grip at her home on High street.

—Mrs. Emily Parker is improving from a severe illness at her home on Nineteenth street.

—Mrs. Harry Booth, of Louisville, is here for a visit to her parents, Mr. and Mrs. A. J. Fee.

—Miss Lena Whaley has returned from a visit to Mr. and Mrs. Lacy Clark, in Lexington.

—Miss Nancy Griffith has returned from Kansas City, Mo., where she spent the winter.

—Dr. Hugh Johnson is critically ill at a Cincinnati hospital, suffering from stomach trouble.

—Mr. Ed. "Dickey" Doyle has returned from a visit to relatives in Concord, New Hampshire.

—Miss Artie Ashbrook, of Cynthia, was the guest this week of her sister, Mrs. R. B. Hutchcraft.

—Miss Ruth Walker, of Pontiac, Mich., is the guest of Miss Marie Talbot, at her home near this city.

—Mr. Henry Paton, of Lexington, is seriously ill. Mr. Paton is a half-brother of the late Ed. D. Paton.

—Mr. and Mrs. Catesby Woodford, who have been spending the winter in Florida, returned home yesterday.

—Mrs. Samuel Clay, of Lexington, is the guest of Mrs. W. E. Board.

—Mrs. Clay came over to attend the funeral of Mrs. Rebecca Hughes.

—Miss Edna Huffman, daughter of Mr. and Mrs. J. W. Huffman, is ill at the home of her parents, on Main street, threatened with typhoid fever.

—Mrs. J. Q. Frakes, of Louisville, who is the guest of Mr. and Mrs. Lee Starke, in this city, will leave next week for Tampa, Florida, to join her husband.

—Miss Catherine Kelly, who has been taking a course of training at the Good Samaritan Hospital, in Lexington, is the guest of Mr. and Mrs. W. H. Harris.

—Misses Elizabeth Steele and Corinne Collins will give a series of The Dansante at Elks Hall, commencing tonight. Special music has been engaged for the occasion.

—Mrs. Henry Power, Mrs. Helen Forsyth and Misses Laura Lilliston and Frances Hancock, of the Paris Methodist church, attended the Missionary Meeting held in Winchester this week.

—Mr. L. B. Purnell, deputy assessor of Bourbon, has recovered from the effects of a sprained ankle which he sustained several days ago while he was crossing the street in front of the Agricultural Bank building, on Main street.

—Miss Josephine Marshall, who has been the guest of Mr. and Mrs. Arthur Hancock for several weeks, has returned to her home in Charlottesville, Va. Miss Marshall was much admired here and during her visit was the recipient of much social attention.

—Mrs. W. H. Harris entertained at her home on Vine street, with a luncheon Wednesday afternoon, at 1 o'clock in compliment to her guest, Miss Scudder, of Chicago. The delicious luncheon was served buffet style, and quantities of spring flowers, jonquils and tulips, added beauty and fragrance to the scene. The following guests enjoyed the lovely hospitality: Mesdames B. A. Frank, Robert L. Frank, Lewis Taylor, Buckner Woodford, Jr., Amos Turney, Jr., Edward Prichard, Withers Davis, Rudolph Davis, Albert Hinton, John Brennan, White Varden, E. M. Dickson, Harry Mathers, John Williams, Tom Allen and Clell Turney; Misses Belle Horton, Corinne Collins, Mary Fithian Hutchcraft and Carolyn Roseberry.

—Mrs. Irene T. Myers, Dean of Women at Transylvania University, Lexington, was a visitor in Paris, Wednesday, and was a guest of the Paris Literary Club and of the Progressive Culture Club.

Dr. Myers came to Paris at the invitation of Mrs. Thomas Henry Clay, Jr., and gave an excellent address on "Woman as an Economic Factor." This was not Dr. Myers' first talk before a Paris audience, but never did she appear to a better advantage, or handle her subject more to the pleasure and interest of her hearers. She treated the theme from the educational, professional, industrial and commercial viewpoints, dwelling at length upon each, and also upon the subject of wages, hours, and health conditions.

Dr. Myers is a general favorite in Paris, on account of her brilliant intellect, charming personality and cordial manner, and her talks are always heard with delight.

After the address an informal reception was held, and chocolate and wafers were daintily served.

LITTLE BUSINESS BEFORE THE FISCAL COURT

The Bourbon Fiscal Court met in regular monthly session yesterday, with Judge C. A. McMillan presiding. Little business of importance was transacted. Claims to the amount of \$1,178.15 were allowed and ordered paid. The report of County Road Engineer C. F. Redmon for the month of February was presented to the court and ordered of record.

Miss Hunt, representing the State Tuberculosis Association, addressed the court in the interest of the Bourbon County Health and Welfare League, asking for an appropriation from the county in maintaining a nurse, and the court voted \$450 annually to be paid monthly.

The County Treasurer was ordered to pay over to Mrs. Mary A. Redmon the sum of \$6,000 from the Hamilton Fund, the same to be secured by mortgage on 130 acres of land.

An order was entered for pauper physicians of the Paris precinct to extend the limits to two miles from the corporate limits of the city. After acting upon a few minor matters, court adjourned.

NEW LESSEES TAKE CHARGE OF THE GRAND

The Colonial Amusement Co., of Lexington, which has secured a lease on the Grand Opera House in this city, assumed charge Monday, and a large force of men have been engaged since that time in placing the building in condition for the opening of the theatre under the new management, which will be on next Thursday evening, when the performance of "Slumberland" will be presented for the benefit of the public school.

COLUMBIA THEATRE TO BE REOPENED NEXT WEEK

The Columbia Theatre, which for the past ten days has been closed, during which time it has undergone extensive remodeling of the interior, will probably be completed and ready for reopening on next Monday. The flooring of the theatre has been torn out and lowered, and a new gold fibre screen together with other improvements will be installed within the next few days.

Guaranteed.

A guarantee is placed on every package of Butter-Wheat.

ONLY ONE MORE WEEK OF "SLUMBERLAND" REHEARSALS

Only one more week of rehearsals and "Slumberland," the big musical extravaganza that is attracting so much attention in Paris, will be ready for its presentation at the Paris Grand. The dates for "Slumberland" have been set for Thursday and Friday nights, March 12 and 13. The prices will be 50, 75 and \$1.00, and the sale of seats will be at Clarke & Co's drug store. The show here will be given just as it is presented in the large cities, where the prices range from fifty cents to \$2.50, using the same costumes, music and electrical effects.

It is understood that there is more pretty music and dancing in "Slumberland" than in any show traveling, and especially will our young ladies be attracted in these groups.

The sale of seats will be opened on Monday, and those desiring special reservations are requested to have them checked off early, as it is expected "Slumberland" will have full houses.

Governor of Georgia uses Sloan's Liniment for Hog Cholera.

"I heard Gov. Brown (who is quite a farmer) say that he had never lost a hog from cholera and that his remedy always was a tablespoonful of Sloan's Liniment in a gallon of slops, decreasing the dose as the animal improved. Last month Gov. Brown and myself were at the Agricultural College building and in the discussion of the ravages of the disease, Gov. Brown gave the remedy named as unailing."

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists. 50c. large box, or by mail. The Paxton Toilet Co., Boston, Mass.

SOLITE OIL

the Lamp Oil that Saves Eyes

Nothing is more important in the home than clear, steady light. Insure this by getting the oil that burns clear and clean without a flicker down to the last drop. Pennsylvania crude oil refined to perfection. Costs no more than the inferior kerosene oils—saves MONEY—saves WORK—saves eyes. Your dealer has SOLITE OIL in barrels direct from our works.

PRE-LENTEN BALLS SHOW SPRING FORECAST.

Bright-Colored Waists Are Worn With White Taffeta Skirts.

NEWS OF LATE ACCESSORIES.

NEW YORK, March 6.

The last few days of the pre-Lenten season are with us, and the social whirl is a vortex of gaiety. A luncheon here, a The Dansant there, dinners, balls and theatre parties, come and go in feverish succession. Ash Wednesday was welcomed by the satiated as the advent of days of rest, if not of penance.

Homes are not large enough for these last and smartest of the season's affairs, and hotel ballrooms are hired for the occasion. Here are seen many of the gowns whose styles is a harbinger of the spring and summer models.

Net and tulle are used in ball gowns a great deal more than chiffon. Taffeta is used as the medium of development for gowns of all colors and for all ages.

The first illustration shows a charming dancing frock worn by a debutante. Its simplicity caused it to be remarked in these days of much drapery.

Awning-Striped and Plain Taffeta, Combined with Frills of Maline, Develops this Charming Simple Costume.

The bodice and simple all-around pannier are of pink-and-white wide-striped taffeta. A deep frill of white maline fell from the low neck-line and from the sleeves. The pannier ends with a ruffle of itself and the undraped lower skirt is of plain pink taffeta.

The stores are showing attractive spring suits and coats of taffeta, and moire silk. This latest fabric is very popular, and is used to especial advantage in my second illustration. Fine French serge is used for the jacket, and moire for the skirt, whose double tunics are of the serge. Moire collar and cuffs complete the jacket. The button on jacket and tunic are moire-covered.

It is not surprising, when the separate blouse and skirt idea is applied to elaborate evening gowns, that separate waists and skirts should be widely shown among the shops. One of the smart Parisian ideas is to have a white taffeta skirt with a blouse of brilliant yellow or green moire or broad-corded silk.

Charming waists, which are an American adaption of Parisian models, are seen. The most interesting are the new blouses with penguins. Their shapes vary, as well as the adjustment to the waistline. They are rounded, or square, some are apron-like and others are accordion-pleated or gathered in under the girdle.

Among the brilliant-colored waists is a distinctive one of yellow goline. A deep yoke is U-shaped of the same color of crepe, and is outlined with a standing frill of cream lace, having a picot edge of burnt orange. The collar is a continuation of this frill, and is wired and bent to fall away at the sides. Raglan sleeves of crepe, finished with cuffs of goline, have frills of lace run into a U-shaped cut-out

below the elbow. Yellow fastenings at the front.

Another charming waist has body and sleeves in one, and is made of pea-pod green goline. Shadow lace laid over flesh-colored chiffon makes the fronts, which are decorated with green tassels. A green cord with tassels ends shirrs the lace at the neck. The short puffs of lace peep below the kimono sleeves, and are also drawn up on a silken cord.

These brilliant-colored waists are striking and attractive, but it is doubtful whether they will be worn in the summer without little coats to match the skirt, elaborately trimmed with embroidery.

There are many novelties in neckwear for the spring season. One style collar is of white moire silk, high standing in the back, with sharp rolling points. A separate "Normand" collar is made of sheer Swiss and embroidery. The collar part is laid in pleats and stands up in the back. On either side a fine wire is sewed, which is bent to form a point. Organdy and Swiss are sheer materials that are being used to make collars and gumpies, and are considered very smart.

In attending a dance, a few evenings ago, I was greatly impressed with the simple footwear worn by the majority of the dancers. The toes were round and graceful. The heel is low and nicely proportioned. The slippers are laced around the ankle sandal-like, the ribbon coming through three eyelets on each side, which insures their fitting closely to the foot.

The present rage for jet ornaments was brought about by an original and beautiful Parisian actress, who appeared in an elaborate evening gown, wearing a wide jet dog-collar, which accentuated the beauty of her skin. Immediately several society women appeared with similar collars. Jet combs are very smart, especially when worn in white hair. Jet beads sequins and bangles lavishly decorated hats and lace gowns.

Charming little hand-bags, shaped like jelly-bags, are made of moire and taffeta and richly embroidered in jet. Some have an elaborate monogram beaded in jet or rhinestones, although others are embroidered with the real precious stones.

A Combination of Moire and French Serge Are the Materials of this Smart Spring Suit.

Ribbons are another of the season's fashions. They are used most extensively on summer millinery and for sashes. Grosgrain and moire seem to be among the most used. The popularity for plaids has, as a matter of course, affected the ribbon trade, and the spring ribbons are displayed in all the staple plaids, and a large variety of different color combinations have been made. Ribbons with a cross stripe come in all colors of the rainbow. The most elegant ribbons are hand-embroidered taffeta and frill ribbon having a fancy Jacquard selvage.

To sum this letter up, there is a tendency for better materials this season and less trimming. The large hip effect is obtained by ruffles, tunics, panniers, and bustle paws. Upstanding frills, Medici collars, V-shaped necks, are up-to-date ways of finishing the neck, and the arms-eye is obliterated with kimono and raglan sleeves. The fashionable waistline is above or below the normal one.

FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped By Common Sense Suggestions.

Women suffering from any form of female ills are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; thus has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

MATRIMONIAL.

TURNER-SNELL.

—The marriage of Miss Ethel A. Turner and Mr. Victor Snell was solemnized Tuesday afternoon at the home of the bride's parents, Mr. and Mrs. Robert O. Turner, about three miles from Paris on the Ruddles Mills pike. The bride is handsome and attractive, and the groom is a well-to-do farmer of the same neighborhood, who during the winter has been the accommodating clerk at the grocery store of Mr. Logan Howard. The young couple will reside in the county, and have the best wishes of many friends. The ceremony was performed by Rev. J. S. Simms, pastor of the Methodist church.

DOUBLE WEDDING.

—A double wedding was solemnized Wednesday afternoon at three o'clock, at the home of Mr. and Mrs. Alvin Hicks, on the Ford's Mill road, a short distance from Paris. Miss Stella Hicks and Mr. Norman Criswell, and Miss Nellie Roberts and Mr. Karl V. Hicks were united. Miss Hicks is the attractive daughter of Mr. and Mrs. Hicks, and the other parties were from Harrison county. It was known that the first-named couple were to be married Wednesday, but the other marriage was a surprise. Mr. Karl Hicks and Miss Roberts came as guests to the wedding, and decided to be married themselves. The impressive ceremony was performed by Rev. J. S. Sims, of the Methodist church. Mr. and Mrs. Criswell will go to Kelat, in Harrison county, to reside upon a farm given to the bride as a wedding present by her father.

—Mr. Wallace Freeman and Miss Lizzie Craycraft, both of Bourbon county, obtained a marriage license Tuesday from County Clerk Pearce Patton.

CRAYCRAFT-FREEMAN.

—Miss Lizzie Craycraft and Mr. Wallace Freeman, both of Bourbon county, were united in marriage, yesterday in Lexington, Judge F. A. Bullock officiating. The ceremony was performed in Judge Bullock's private office in the court house. L. H. Craycraft and George Craycraft accompanied the couple.

Nothing Like It.

Nothing has ever been placed on the market quite like Butter-Wheat.

At Wheatfield, Ind., George Hohn was lassoed and dragged to jail after he bit off the Town Marshal's thumb in resisting arrest. He then wrecked the jail.

King Albert of Belgium, who recently broke his arm riding a horse, took up aviation, and has twice piloted an aeroplane with passengers, qualifying for a pilot's license.

In a box of old books, supposedly rubbish, sold for 25 cents, at London, England, the purchaser found a first edition of Pope's Homer, autographed by the author.

DEATHS

HUGHES

—After an illness of about ten days Mrs. Rebecca Hughes, aged about eighty-three years, died at the home of her granddaughter, Mrs. Bruce Adair, on Mt. Airy avenue, Wednesday evening at 6:30.

Mrs. Hughes was stricken about ten days ago with pleurisy from effects of which she was confined to her bed for several days, but was able to be about the house Wednesday and appeared to be considerably improved. Her death was very unexpected and is believed to have been the result of a stroke of apoplexy.

Mrs. Hughes was twice married her first husband being Mr. Nathan Bayless, and to this union one son was born, Mr. Nathan Bayless, Jr., who died several years ago. A few years after the death of her husband, she was united in marriage to Mr. James M. Hughes. The late Mrs. Bruce Miller was the only daughter of Mr. and Mrs. Hughes.

She is survived by her granddaughter, Mrs. Bruce Adair, and three nieces, Mrs. W. E. Board, of Paris, with whom she resided for some time following her removal to this city from her home in the country, Mrs. Samuel Clay, of Lexington, and Mrs. Horace Taylor, also of that city.

Mrs. Hughes was the daughter of the late Hiram Roseberry a prominent farmer of Bourbon county, and her entire life has been spent in the county where she was born and raised.

The funeral services will be held at the residence of Mr. and Mrs. Bruce Adair on Mt. Airy avenue this afternoon at 2:30 o'clock, conducted by Rev. W. E. Ellis, pastor of the Paris Christian Church. Burial in Paris cemetery.

The pall-bearers will be John Roseberry, J. T. Hinton, William Smedley, J. S. Wilson, Nathan Bayless, Jr., Dr. Bruce Smith, James Daugherty, Alex. Rice, Dr. William Kenney, J. J. McClintock.

Among those from a distance who are here to attend the funeral of Mrs. Hughes are: Mr. and Mrs. Owsley Brown, and Mrs. W. L. Lyons, of Louisville, Mr. and Mrs. Bishop Clay and Mrs. Sam Clay, of Lexington, and Mr. Lyons Board, of Corbin.

MORFORD.

Dr. A. L. Morford, one of the wealthiest men in Fleming county died at his home in Ewing Wednesday afternoon after a week's illness of pneumonia.

Dr. Morford was for fourteen years a practicing physician, having graduated from the Medical College of Cincinnati University in 1891.

Besides owning a large amount of real estate, the deceased was president of the Citizens' Bank of Nepton, Ky., and a stockholder in the Ewing Deposit Bank.

Dr. Morford was the brother of attorney C. B. Morford, editor of the Ewing Enquirer, a member of Ewing Lodge Knights of Pythias and a number of prominent medical organizations.

He is survived by his wife and one daughter, Mrs. William Howard, who was formerly Miss Emma Nita Morford, a graduate of Bourbon College.

KANE.

—Following a protracted illness Mr. Thomas F. Kane, aged forty-three years, died at the Eastern Kentucky Hospital, in Lexington, Monday morning. Mr. Kane was the son of the late John C. Kane, of Bourbon county, and was formerly a well-known carpenter of this city, and an industrious and agreeable gentleman.

He is survived by two sisters, Misses Mayme and Katie Kane, and three brothers, Messrs. William, Patrick and John Cain, all of this city.

The body was brought to this city Tuesday afternoon and taken to his late home on South Main street, and the funeral was held yesterday morning at 9 o'clock from the Catholic church, conducted by Rev. Father Eugene DeBruyn. The burial followed in the family lot in the Catholic cemetery.

The following were the pall-bearers: Dr. William Kenney, James Burke, James Porter, J. F. Trisler, Mike Boyle and T. C. Lenihan.

MOORE

—Mrs. Willie Pugh Moore died at the home of Mrs. Lila Riberts, in Cynthiana, where she had been boarding, late Monday afternoon. Mrs. Moore has had paralysis for fifteen years, and for the past seven years has been a helpless invalid, dying after many weeks of intense suffering. She was the widow of Will Moore, who died near Millersburg several years ago, and before her marriage was Miss Miller, daughter of Mr. William Miller, who has been devoted in his care and attention to his daughter.

Mrs. Moore is survived by her daughter, Mrs. Renaker Parks, her father and a sister, Mrs. Tom Bowles, of Millersburg. The funeral service was held at Mrs. Roberts' residence on South Main street, Wednesday

morning, at 10 o'clock, conducted by Rev. J. D. Armistead, pastor of the Christian church, of which she was a member. The burial took place in the Millersburg cemetery.
